

CALL OUT

Berlin Circus Production is looking for extraordinary acts and innovative creations to be presented during the Open Stage (28.08.2017) and the Work-in-progress (31.08.2017) of the Berlin Circus Festival.

The Festival:

In August the doors of the Berlin Circus Festival, the first festival for contemporary circus in Berlin, will open for a third time. Berlin is a dynamic, lively, young and culturally rich city but we have almost no contemporary circus here. Come here and change that!

During ten days we are inviting 8 circus companies to Berlin to play, enchant and fascinate the Berlin public in a wonderful big top on the old airport of Berlin, right in the center of the city.

Our tent is a beautiful 26 meters large with a stage of 10x10m and 9m height. Rigging points, lights and sound will be provided and a public of around 450 people, including many programmers from Germany.

We will provide food, light and sound technician and a hat will pass around, which will go entirely to you. As well we will film your performance and you will get the video, soon after your performance.

About you:

Open Stage:

We are looking for superb acts up to 8min for the Open Stage. Please keep in mind that we are promoting contemporary circus ;)

Interested: Send us a mail with your name, video and website with the subject:
OPEN STAGE BCF

Work-in-progress:

You are working on a new show or concept and want to present something to an open audience? We offer you the stage for up to 20min. Afterwards there will be a short feedback talk with the audience. Ask all your questions!

Interested: Send us a mail with your name, video and website with the subject:
WIP BCF

General info:

We can accept propositions from 01. – 31. of May!
We are looking forward to receiving your answers!
